## Happy Thanksgiving

This is not the note I thought that I would be writing for Thanksgiving. This year has been a struggle for many and we were all finally looking forward to a large family gathering. We have hosted my family for Thanksgiving since we moved to Caledon and it looks like this will be the first year that we stay on our own.

With 7 brothers and sisters, spouses, nieces and nephews, we are way above the COVID restrictions. Although this will be especially difficult for my mom, we need to keep her and each other safe.

This Thanksgiving we can all reflect on all the blessings in our lives.

The fact that we remain healthy and live in a country that is doing its best to control the spread. Our front line & health care workers continue to provide for our community. Teachers are doing their best to go forward with the school year. A community that is rich in nature and wonderful, supportive residents and businesses.

Reach out to someone who may need a hand or friendly voice on the phone, drop off a meal, flowers or donate to your favourite charity.

It is in the spirit of giving that we feel most grateful for all that we have.

May our Thanksgiving selection help you celebrate the holiday with ease and grace, no matter the size.

*Always grateful,  
Adriana*
